

# New Moon Puja to Kali and Arunachala

**Friday, July 24, 7:00–8:45 pm**

*In this evening Ramana will be conducting a puja—a powerful, sacred Indian ceremony designed to invoke the energy of the Indian goddess Kali and the sacred mountain Arunachala. When the power of the goddess is invoked, it brings transformation and potency into our lives. We will be joining many thousands of Goddess worshipers in India, who will be circling the mountain on this auspicious night, amplifying the power of the puja. The new moon is the time to address the ways we live secretly, with our regrets, judgments, resentments and fears.*

*In this evening's puja, we will release our shadow parts to the Goddess and the Mountain—giving them to the higher power... and letting go. This is an evening of surrender, release and freedom.*

*Feel free to bring a friend who needs a lift or a healing, and please bring a flower as an offering.*

*This is an evening not to be missed.*
