

New Moon Puja to Kali and Arunachala

In this evening Ramana will be conducting a puja a powerful, sacred Indian ceremony designed to invoke the energy of the Indian goddess Kali and the sacred mountain Arunachala. When the power of the goddess is invoked, it brings transformation and potency into our lives. We will be joining many thousands of Goddess worshipers in India, who will be circling the mountain on this auspicious night, amplifying the power of the puja.

In this evening's puja, we will release our shadow parts to the Goddess and the Mountain giving them to the higher power... and letting go. This is an evening of surrender, release and freedom. Feel free to bring a friend who needs a lift or a healing, and please bring a flower as a holy offering.
