

# Transcending the Four Bodies of Consciousness: Awakening the Heart of Love

*By delving deeply into  
the Four Bodies of consciousness,  
That which is prior to consciousness  
arises effortlessly.*

*That consciousness abides as Heart,  
manifesting itself as love.*

*This is our very own True Self.*

*— Ramana-ji*

## Transcending the Four Bodies of Consciousness and Awakening the Heart of Love

This Workshop is part of a two-week study and meditative exploration of the **Four Bodies of Consciousness**: the gross body, the subtle body, the causal body and the *MahaKarna* (that which is before consciousness). These bodies, when experienced with refined awareness, become the roadmap to knowing the Self at all times and in all situations. Although it is fashioned as a two-week immersion and study – including 9 evenings and a 3-day Intensive Workshop, as well as a 90-minute private session with Ramana-ji – you can benefit from any part of it, and you are welcome to attend any of the 9 evenings or 3 weekend days individually. *Special Offer: entire program for \$299.*

The weekend Intensive group is limited and designed to be small so that the deepest work can be opened – please register early to ensure your place. Pre-registration is required for the Intensive group but not for the evenings. Cost of one day of the workshop is \$125; two days = \$200; three days = \$250. See bottom of second page for scholarships and discount pricing.

**Day 1: Saturday, July 17, 10 am–5:00 pm**

**Day 2: Saturday, July 24, 10 am–5:00 pm**

**Day 3: Sunday, June 25, 10 am–5:00 pm**

# Arunachala

Ancient literature, such as the Arunachala Puranas, speaks of the mountain in Southern India, Arunachala, as being the center of the universe and the Heart of Consciousness. This is a metaphor: it means Arunachala is a powerfully clear outward reflection of one's true inner self, which resides as love and pure consciousness in the heart of all beings.

For millennia Arunachala has been a magnet for fully-realized beings, to which they were irresistibly drawn and where they now remain forever present in spirit. Arunachala is thereby surrounded with the energy of scores of enlightened beings, emanating a powerful silent transmission which quiets the mind and opens the heart.

## 21-Day Pilgrimage to Arunachala India

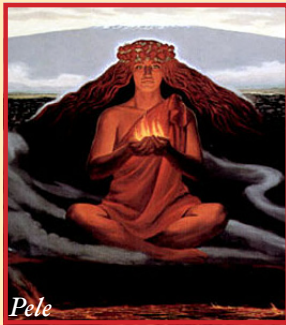

February 4 to 25, 2011

*There has never been a more important time for a complete shift in every aspect of our lives.*

Arunachala is a power center for opening the heart and quieting the mind, allowing the true Self to fully emerge. The Pilgrimage is a 'soft landing' into India, with all logistics and guidance taken care of for you. Included are satsangs, excursions to the local power spots, interviews/sittings with rishis, private sessions with Ramana-ji, and most importantly, being exposed to the power of Arunachala. Our next pilgrimage (in 2011) starts February 4 and concludes February 25. Spaces are limited, and the pilgrimage sometimes fills very quickly — early registration is recommended. # Pele/Kali Sacred Ceremony

Pele

In this evening Ramana-ji will be conducting a powerful sacred ceremony designed to invoke the energy of the goddesses *Pele* and *Kali*. When the power of the goddess is invoked, it brings transformation and potency into our lives. Both *Pele* and *Kali* represent the destruction of the old, allowing for the new to emerge. In this evening's puja to *Kali* and *Pele*, we will release our shadow parts to the Goddesses—giving them to the higher power... and letting go.

*This is an evening of surrender, release and freedom. Feel free to bring a friend who needs a lift or a healing, and please bring a flower as an offering to the Goddesses.*

Kali

**When:** Tuesday, July 20, 7:30–9:15 pm | **Where:** Polestar Gardens, 7 Noni Farms Rd. | \$10 at door

## About Ramana-ji

Ramana-ji was recognized by his master in India, H.W.L. Poonja (affectionately known as Papaji). Papaji endowed him with the name "Ramana" after his own beloved teacher, Sri Ramana Maharshi, and gave his blessing to Ramana-ji as a messenger of the Silent Transmission. He carries with him the energetic frequency of profound love and transformation. Ramana-ji has combined his years as a transpersonal psychotherapist with his studies of ancient Indian teachings, culminating in a stable and deep shift in consciousness which he calls "Radical Awakening." He and his wife Antoinette make their home at the holy sacred mountain Arunachala, India and in Western New York. Ramana-ji travels internationally and intimately shares his experience of the teachings of Papaji and Ramana Maharshi.

## Private Radical Awakening and Heart Opening Sessions with Ramana-ji

In a private session with Ramana-ji, you are brought into such a powerful place of awareness, something shifts so deeply in consciousness that things are never again perceived in the same way. Issues are viewed in the backdrop of heart and consciousness, which is realized as always present. The evenings and workshop further deepen and stabilize this shift.

Ramana-ji uses two biofeedback instruments, one measuring your level of consciousness, the other the coherence of your heart with your mind and body. The biofeedback indicates moment-to-moment changes, allowing every minute of the session to be used to deepen consciousness and heart. For more details, please click [here](#). Private 1½-hour Radical Awakening sessions with Ramana-ji: \$100. Follow-up 1-hour private sessions (includes follow-up from previous visits): \$80.
