

Releasing our Shadow to the Goddesses of Fire

Tuesday, July 20, 7:30–9:15 pm

In this evening Ramana-ji will be conducting a powerful sacred ceremony designed to invoke the energy of the goddesses *Pele* and *Kali*. When the power of the goddess is invoked, it brings transformation and potency into our lives. Both *Pele* and *Kali* represent the destruction of the old, allowing for the new to emerge. In this sacred ceremony we will release our shadow parts to the Goddesses — giving them to the higher power... and letting go.

This is an evening of surrender, release and freedom. Feel free to bring a friend who needs a lift or a healing, and please bring a flower as an offering to the Goddesses.
